OKG 103 OUTDOOR KITCHEN GAS 3 BURNER

Adjustable power

Equally-heat

Thermometer

Stainless steel burners

Grill racks

Side tables

Features

Adjustable power

This means fully adjustable power to control the gas and grill nicely your meat. The gas output power is fully adjustable. So you are in control on how to grill your meat or vegetables.

Equally heat technology

The outdoor kitchen has three adjustable equally heat burners, which distribute the heat evenly across the entire cooking area.

Built-in thermometer

This barbeque comes with a built-in instant-read thermometer for the perfect simmering of large cuts of meat with closed lid.

Slow cooking

The outdoor kitchen has a cover which enables slow cooking for even more tender meat.

High quality materials

The BBQ and double layered lid are made of black steel hi-temperature powder coated material. The non stick cooking grids and flame tamers are made out of black enamel. The warming rack and three fully adjustable burners are made out of stainless steel. Side tables included.

Autostart

This type of ignition is a convenient push and turn-button lighting system. Pushing the button creates a spark. Turning the same button starts the flow of gas, that then ignites the spark to become a flame.

Safety

For added safety, the gas cuts off automatically if the flame is blown out.

Number of people

The outdoor kitchen has a large grill surface and is appropriate for 6-7 persons
