## GENERADORES DE OZONO

Cree un ambiente de aire limpio y desinfectante para usted. Este generador de ozono profesional es **ideal para la eliminación de olores extremadamente fuertes** (por ejemplo, olor a quemado, olor a inodoro), **desinfección de lugar específico** (por ejemplo, tratamiento automotriz) y **remediación de moho**. Además del uso habitual en el hogar, también es perfecto para áreas más grandes como oficinas, restaurantes, hoteles y garajes.

**IMPORTANTE:** El límite recomendado de exposición de ozono es de 0.1 ppm (0.2mg/m<sup>3</sup>). Por lo tanto cuando utilice el generador de ozono, utilice siempre el temporizador y no permanezca en la habitación donde se esté generando ozono hasta que no termine de operar. Es muy importante que utilice una buena ventilación.
